Re: Second Information Disclosure Statement
Title: Device and Apparatus for Cleaning a Landscaped Surface
Applicant: David N. Nelson
Serial No.: 10/649,978
Filing Date: 08/26/2003

Honorable Commissioner:

An Information Disclosure Statement (IDS) was filed on December 23, 2003 for the above-identified application. In review of our files, it was noticed that the title of the application on the IDS Transmittal Sheet was incorrect. A copy of the originally filed IDS is attached showing the correction. The correct title of the application is "Device and Apparatus for Cleaning a Landscaped Surface."

We are therefore filing the attached second Information Disclosure Statement with US Patent references relating to US Serial No. 10/649,978, to avoid any confusion as to which application this IDS should be filed with. It is respectfully requested that the attached IDS materials be put into this applications records for examination.

Should you have any questions regarding the enclosed documents, please do not hesitate to contact me at 520-747-0999. There should be no fees related to the filing of the attached IDS, however, if there are fees associated with this filing, please charge US Deposit Account No. 50-1905.

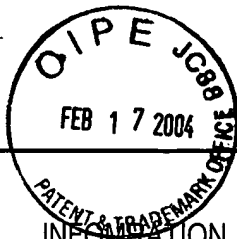

Respectfully Submitted,

A handwritten signature in cursive script that reads "Lawrence R. Oremland".
